

## Counting the Cost

**Sacrifice:** an act of giving up something valued for the sake of something else regarded as more important or worthy.

- Just because something is **free to me** it doesn't mean that it is actually **free** and if I am not paying the actual cost then someone or something else is.
- The cost of our rebellion against God should have cost us our lives. Jesus paid that price for us. So we could receive the 'free' gift of salvation.

**Romans 6:23** - For the wages of sin is death, but the free gift of God is eternal life in Christ Jesus our Lord.

You are writing checks that withdraw from God's bank account so - **Pour Don't Hoard!**

If you want to save your life don't store it up or save it away, pour it out to the Lord.

Give generously, give without fear, give without expecting anything in return. Give because He gave.
